Are you uninsured or underinsured? We can help.

This Health Resource Guide is designed to help you identify where you can find access to health care, mental health care and oral health services for you and your family members.

It is also designed to help you locate helpful information and receive assistance in finding health insurance by signing up for insurance coverage through the Federal Insurance Exchange under the Affordable Care Act (ACA).

The clinics listed in this guide work together to help you locate not only basic health care services, but also specialists’ services when they are needed. These clinics will do their best to provide you with consistent care and keep your health and medical records current.

Policies at each of these clinics are different. At many clinics, you must have an appointment, so call first to find out if you need an appointment and what you need to bring, such as a picture ID. Fees for services at many of the clinics are based on income and may be reduced or free if you live on a limited income and meet certain state and federal guidelines.

This guide lists clinics by location to help you find care as close to home as possible. It also lists the services you might need, such as vision care, obstetrics, child health, prescription assistance and more.

You can also find this information online at www.kchealthresource.org. You can search for clinics by location and type of service, view maps and get directions to each clinic.

For more copies of this guide, call the Mid-America Regional Council, 816-474-4240, or view the online version at: http://www.kchealthresource.org/print.aspx.

The information in this directory was provided by listed organizations and compiled by the Mid-America Regional Council. While we have made every effort to ensure accuracy at the time of publication, please note that changes occur frequently. Please contact the organization directly to confirm the most current information.

Local Public Health Agencies — Missouri

Public Health Departments offer a wide variety of health-related services, dependent upon the local needs of each community. Generally, all health departments promote healthy lifestyle choices that can combat chronic diseases and injuries, educate the public about emergency preparedness and threats to their health, track disease outbreaks and help to ensure access to high quality health care. Please contact your local health department for information about the availability of specific services.

Urgent Care — General

An urgent medical condition is one that is not life threatening but may require prompt attention.

The advantages of using an urgent care center are:
• Urgent care centers usually open early, close late, and have weekend hours.
• You do not need an appointment, and you probably will not wait long to be seen.
• The centers are staffed by medical staff who can deal with a wide range of conditions.

These facilities are well equipped to provide medical care for minor illnesses or injuries.

Here is a list of the most common non-emergency conditions that could be treated at an urgent care center.

• Twisted or sprained ankle
• Cough, cold, sore throat
• Minor skin rash
• Ear infection/earaches
• Minor burns or injuries
• Cuts, bumps, and sprains
• Fever that won’t go away
• Flu symptoms
• General wound care
• Allergic reactions
• Animal/insect bites
• Mild asthma

**MO HealthNet for Kids**

Toll-Free Number: 1-888-275-5908 ~ www.dss.mo.gov/mhk

1. MO HealthNet for Kids (MHK) is Missouri’s health insurance program for children. Eligible children are under the age of 19, are citizens or “eligible, qualified aliens,” and have household incomes within certain guidelines. There are also MO HealthNet insurance programs available for pregnant women (MO HealthNet for Pregnant Women) and low-income parents (MO HealthNet for Families). For most families, MHK is provided at no cost. Families with higher incomes may have to pay a premium. There are no deductibles or co-payments. There are a number of different ways to apply for MO HealthNet for Kids.

1. You can now complete and submit an English MHK application online at www.dss.mo.gov/mhk/accept.htm.
2. You can print an English, Spanish, Bosnian or Vietnamese application online at www.dss.mo.gov/mhk/appl.htm. Printed applications can be mailed or taken into your local Family Support Division office (see addresses on next page).
3. You can call your local Family Support Division office and ask them to mail you an application (see phone numbers on next page).
4. You can go to your local Family Support Division office to apply for MHK (see addresses on next page).

**Legal Aid of Western Missouri’s MHK Advocacy Project**

Legal Aid of Western Missouri
1125 Grand Boulevard #1900, Kansas City, MO 64106
Phone: For Clay, Jackson and Platte counties – Call Legal Aid of Western Missouri at 816-474-6750.

Hours: Monday – Friday, 8:30 a.m. – 5 p.m.

Legal Aid of Western Missouri’s MHK Advocacy Project provides legal representation at no cost to families who are applying for or enrolled in MHK. Representation may involve assistance with the initial application or reinvestigation process or representation when an application is rejected or coverage is terminated. The Project can also assist in the appeals process if your child’s health plan denies coverage for certain medical services or treatment. Legal Aid also accepts many other types of cases for representation, including adult Medicaid, housing, Social Security, defense for Municipal Court offenses, and domestic (including Orders of Protection and divorce) cases. If you need help with your MHK case or if you have other legal issues, you should call Legal Aid at 816-474-6750 to complete an intake interview.

Riverview Health Services, Inc.
722 Reynolds Avenue, Kansas City, KS 66101
Phone: 913-371-7070 ~ Fax: 913-342-3132 ~ www.riverviewhealthservices.org ~ Facebook: Riverview Health Services Twitter: @RiverviewKC
Riverview provides chronic disease management services (most frequently related to diabetes) through one-on-one and group health education and support as well as access to medication assistance. Applications for long term medications for chronic disease are processed through pharmaceutical companies’ prescription assistance programs (PAP); limited assistance is available for some critical, short-term medication needs. Free diabetes blood glucose test meters and test strips are available; clients should call before coming in to ensure availability of meters and strips. (A donation of $5 is required for a box of test strips valued at more than $50.) All services are free. Client service hours are 8:30 a.m. to 12:15 p.m. on Mondays, Wednesdays, Fridays and Saturdays.

NO ONE EVER HAS TO ABANDON A NEWBORN

You have a safe choice. Instead of abandoning or putting your baby in danger, HAND YOUR BABY to someone at a Safe Haven.

MISSOURI: hospitals, ambulance, police or fire stations.
KANSAS: hospitals, fire stations, city and county health departments.

YOUR NEWBORN WILL BE SAFE at a SAFE HAVEN
